the European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or European Commission. Neither the European Union nor the European Commission can be held responsible for them.

2025, 18th of april

Main objectives

To Network and upgrade advisory services dedicated to the EU livestock production

Respective of the national/regional AKIS organization, this network will increase the sharing of innovative experiences and knowledges dedicated to improving the farming systems sustainability

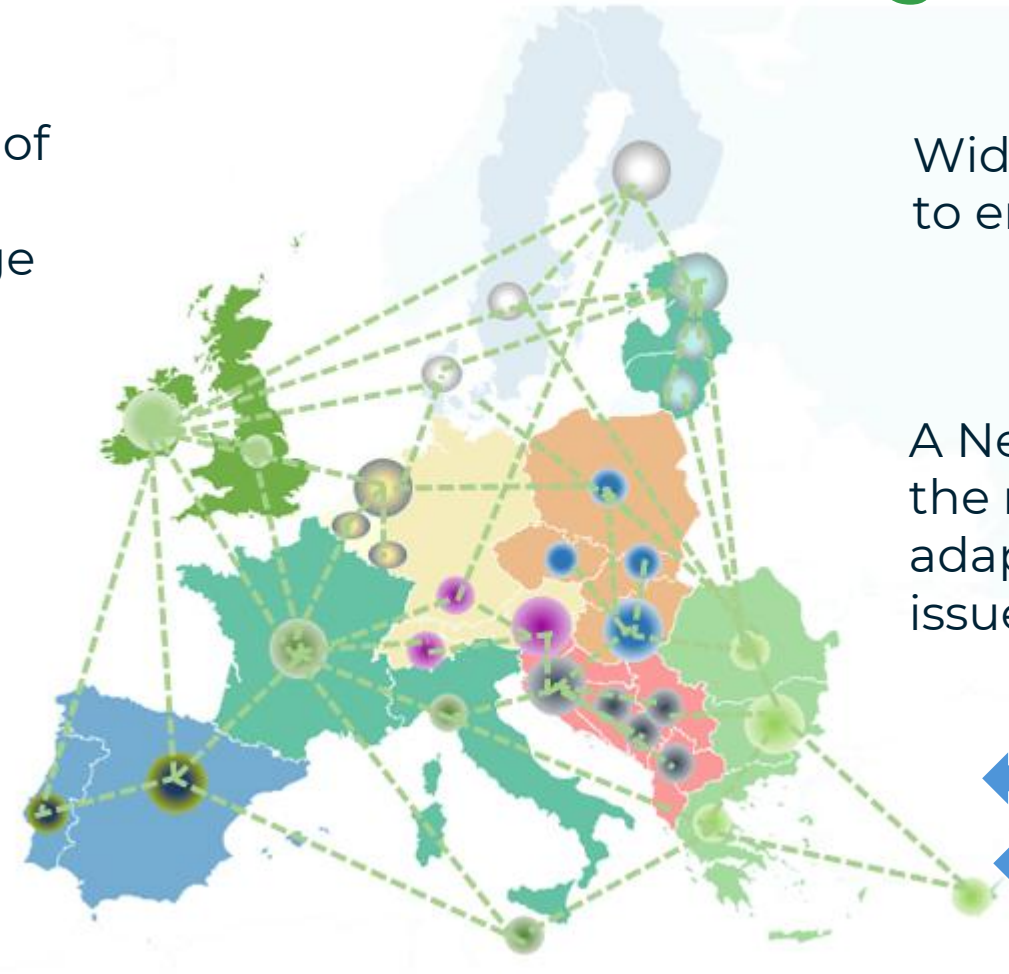

Project Advisory Networks
under Horizon Europe
2024 (CL6)
4 M€
2025-2029
20 project partners
33 countries

Main objectives

To settle a livestock advisoring network

A European wide network of livestock advisors
(regional hubs to exchange on thematics and skills)

Start with exchanging practical knowledge in the long-term for sustainable livestock production

Wide scaling up activities to ensure dissemination

A Network well embedded in the national AKIS ecosystems: adapted to livestock context, issues and AKIS organisation

Funded by the European Union

LiveNet Network: Implication and tasks

LiveNet

Network

10 EU Regional Leaders
With 11 National Network Leader (NNLs) including Switzerland

➔ *National level for his/her country*
➔ *EU level for his/her Regional Cluster*

Activities

- ➔ *Forming the Regional Cluster network (contact and mobilisation)*
- ➔ *Co-create and animate the network (WA1)*
- ➔ *Organising IAP collection & selection (with cross visits) at their level (WA2)*
- ➔ *To promote and scale-up IAP through supporting activities (WA3)*
- ➔ *Implicate in the AKIS network (WA4) embedding*
- ➔ *Organize and facilitate communication and dissemination (WA5)*

➔ *To promote LiveNet Network activities at the Regional level*

LiveNet Network: Implication and tasks

LiveNet

Network

22 EU Associated Network Leaders (ANLs)

➔ *National level for his/her country*

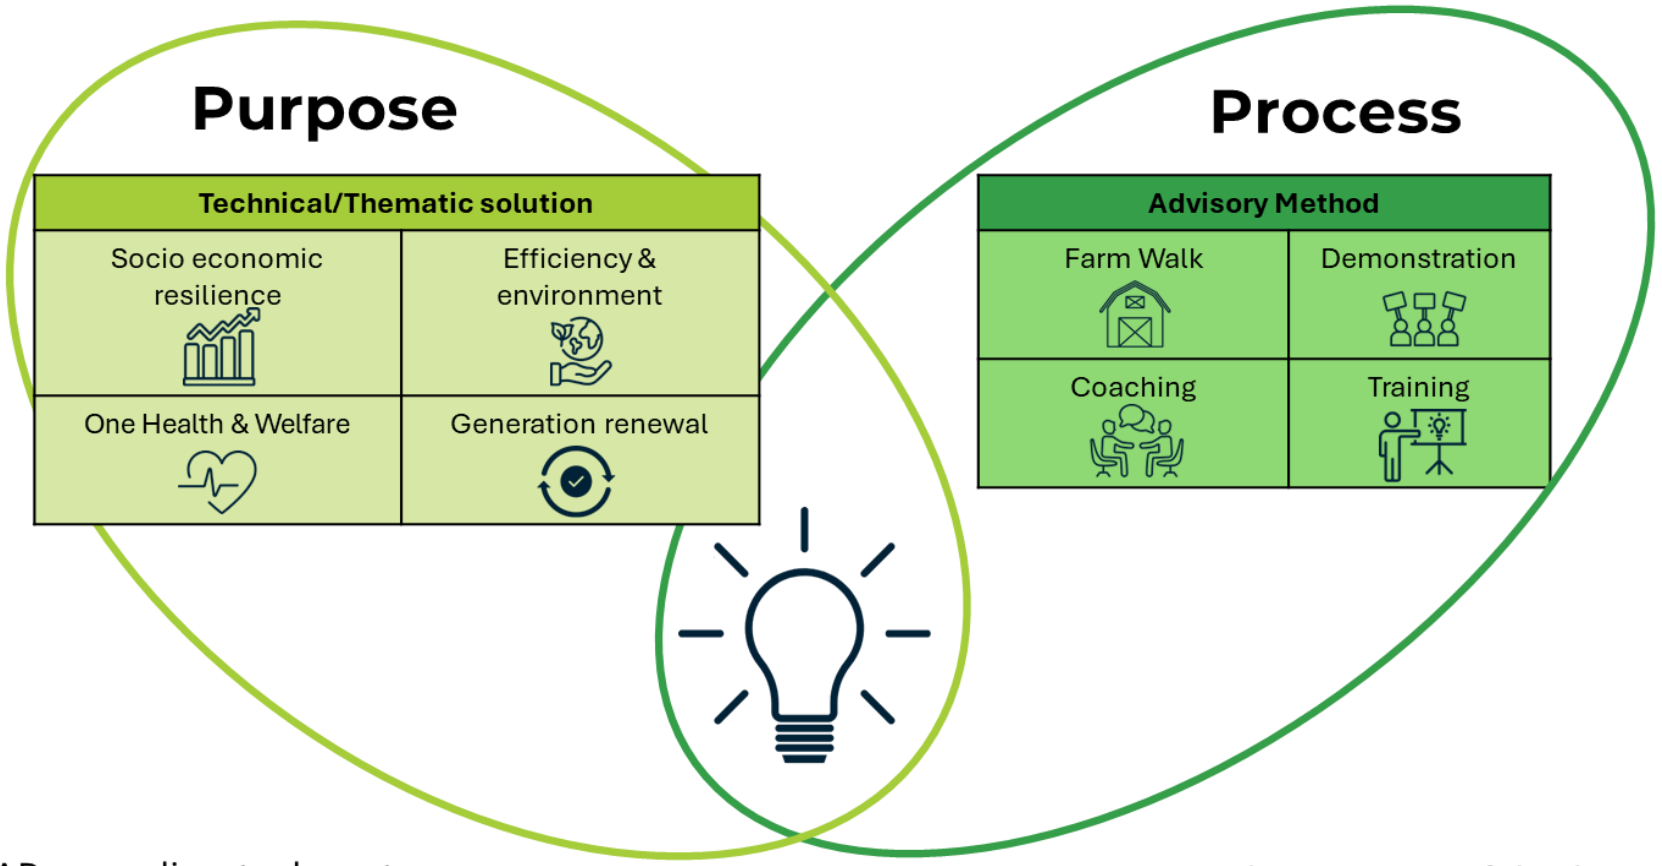

Italy (CRPA)	Malta (AgriConnect)	Switzerland
United Kingdom (I4A; CAFRE ; AHDB)		
Portugal (Consulai)		
Belgium (Boerenbond)	Luxembourg (CONVIS)	
Sweden (VAXA)	Denmark (Dyrlaeger Ko)	
Lithuania (LAAS)	Estonia (METK)	
Poland (W-MODR)	Czechia (UZEI)	Slovakia (UNIAG)
Germany (LKV BW)	Switzerland	
Croatia (SEASN: Bosnia, Serbia, Montenegro)		
Greece (GAIA)	Romania (USAMV Cluj)	Cyprus (FILAGROTIKI)

Activities

➔ *To participate in the co-creation of the advisor's network (WA1)*
➔ *To collect and document IAPs + participate to cross visit (WA2)*
➔ *To promote and scale-up IAP through supporting activities (WA3)*
➔ *To participate in com & diss. (WA5)*

➔ *A budget of 30 K€ dedicated to each (subcontracting with NNL)*

At the heart of the network: IAP: Innovative Advisory Practices

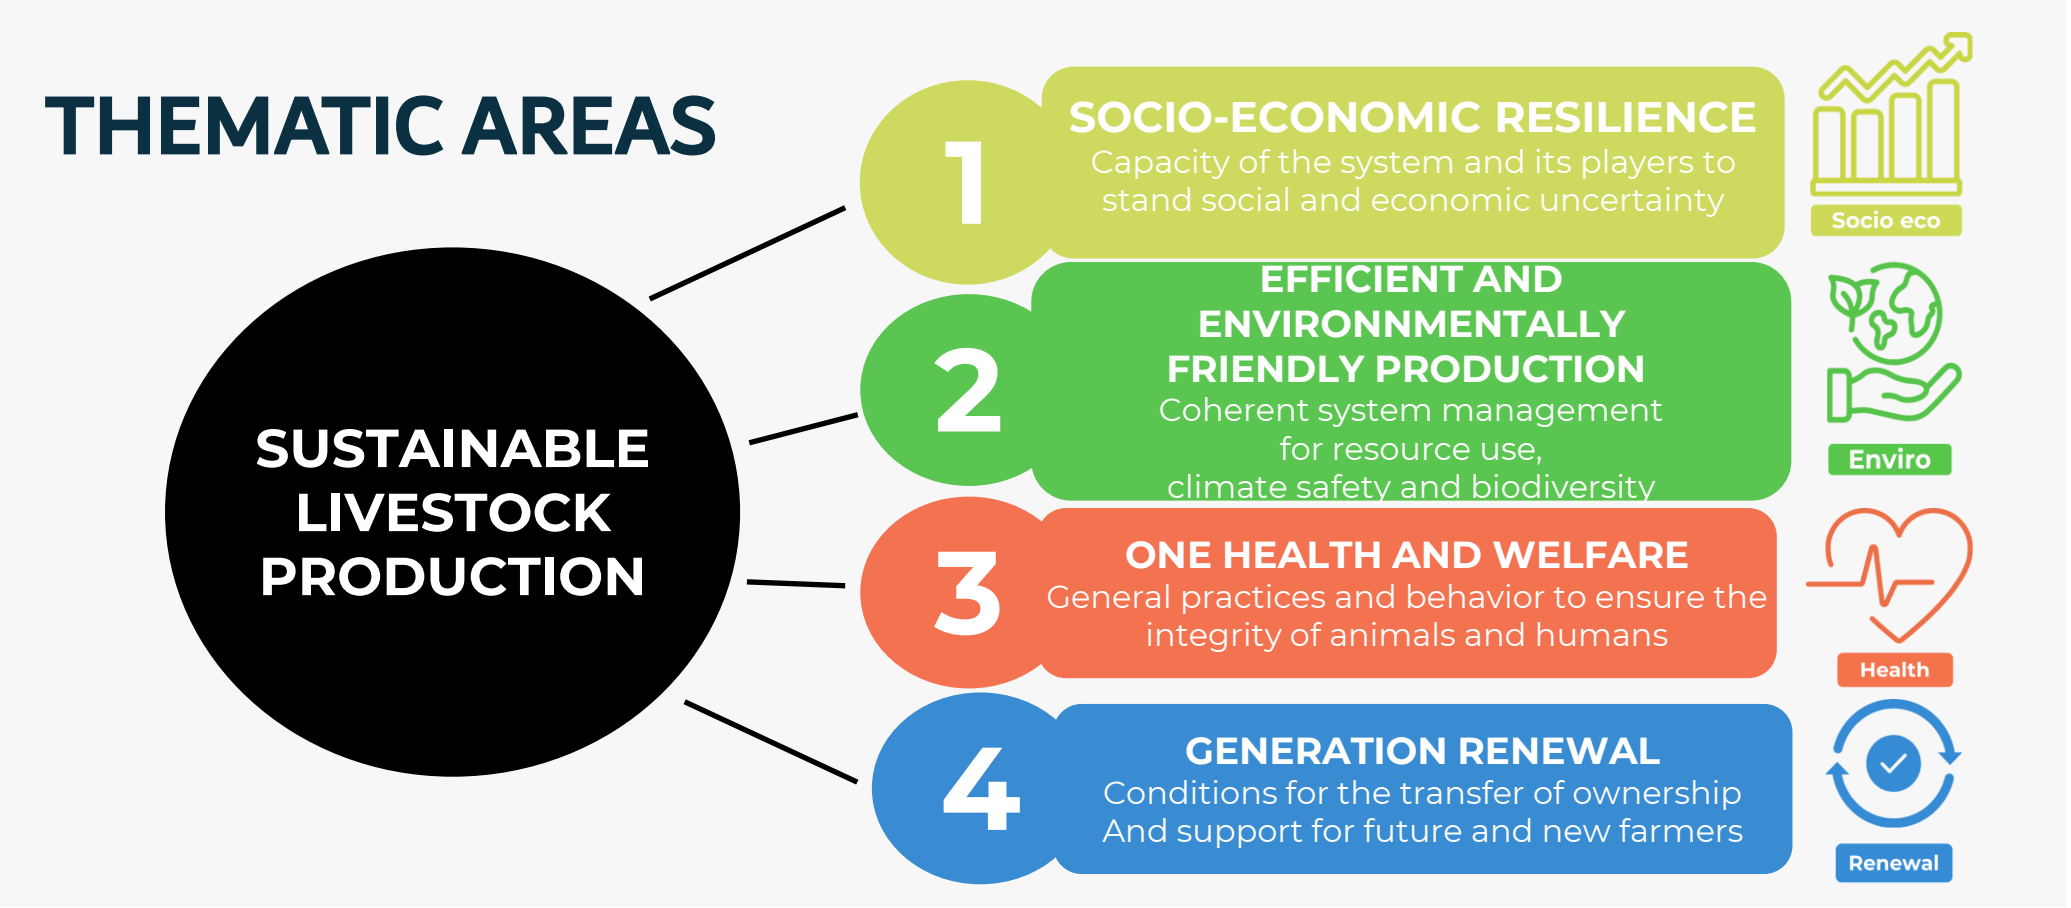

IAP cover livestock sectors, production systems, countries and farm advisory contexts with relevant expertise and a balance of region and skills

IAP
Context-based

Particular & successful advising activities focused on the main relevant issues and using novel advising approaches

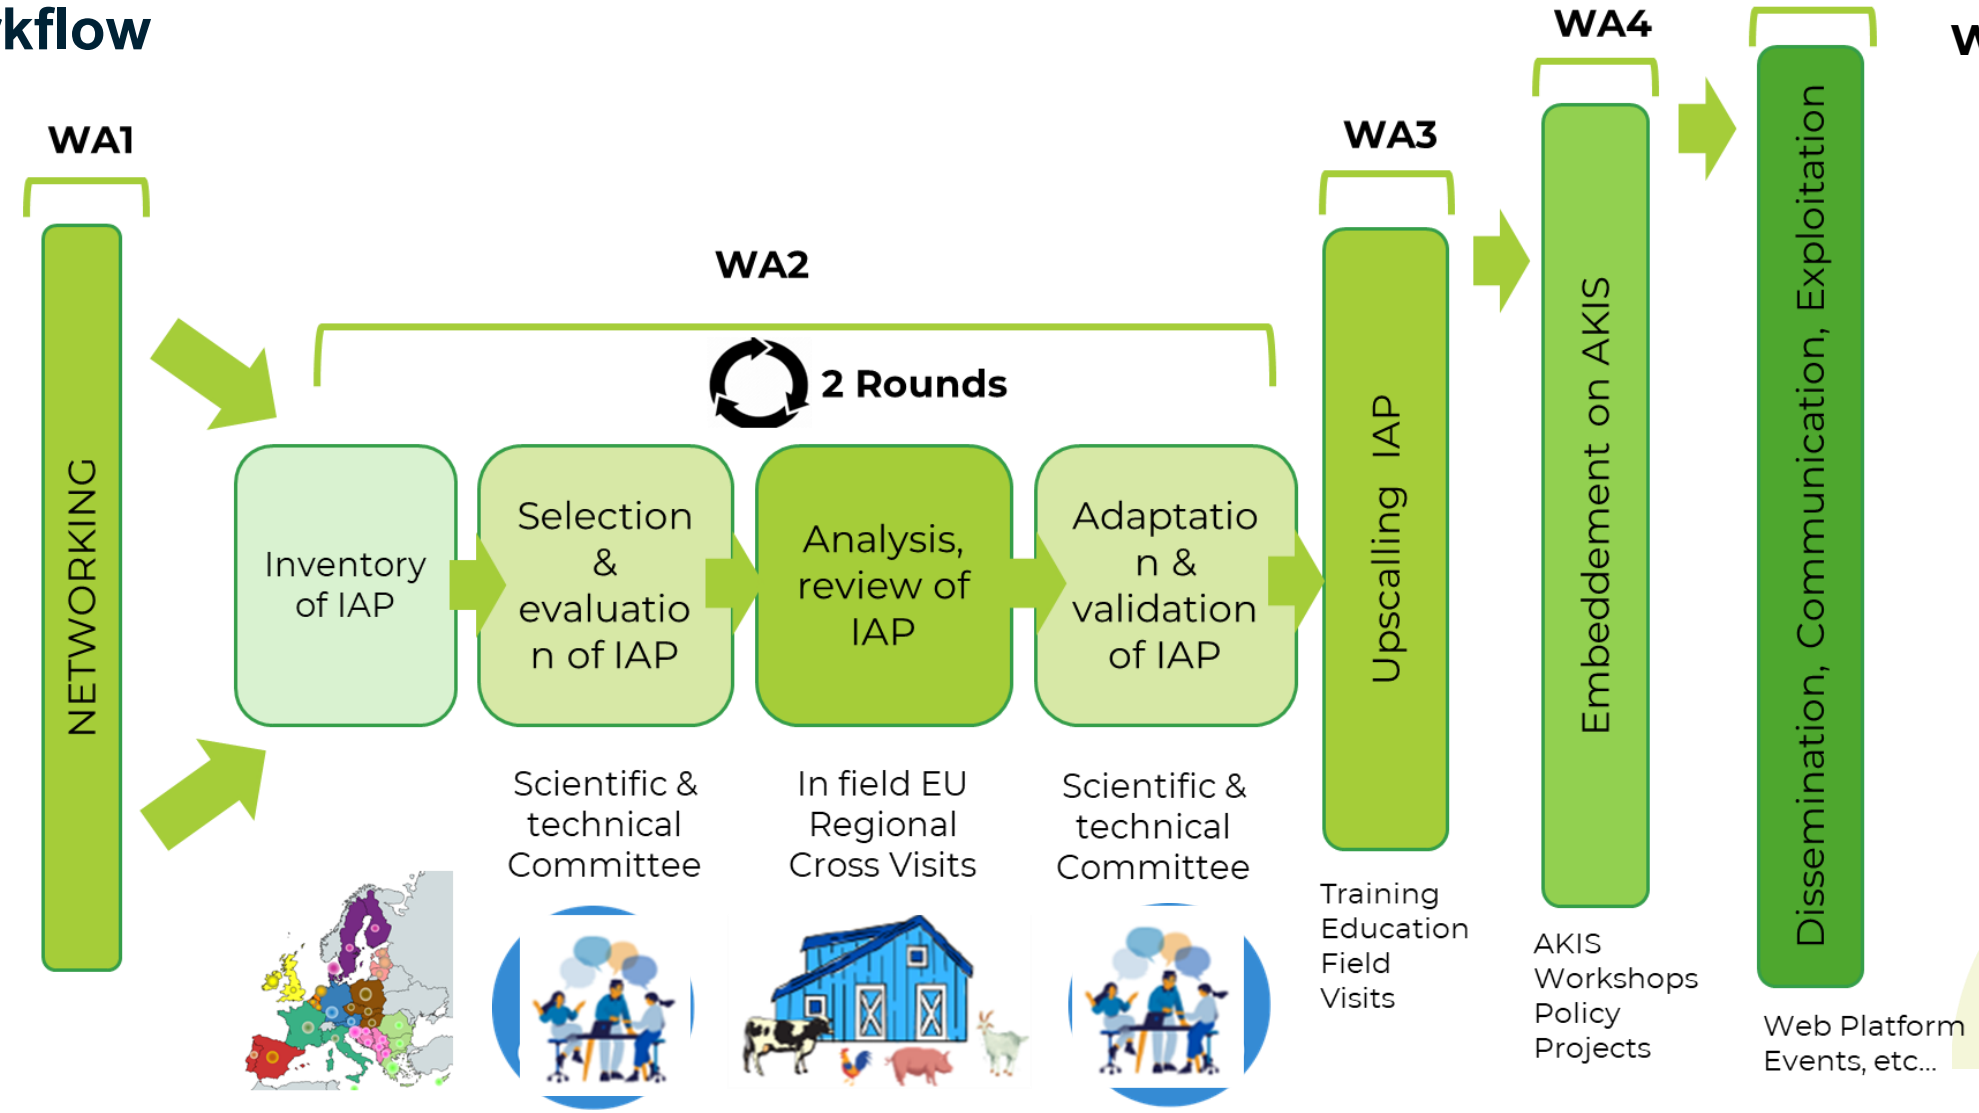

IAP concept

Sustainable livestock production through 4 thematic areas

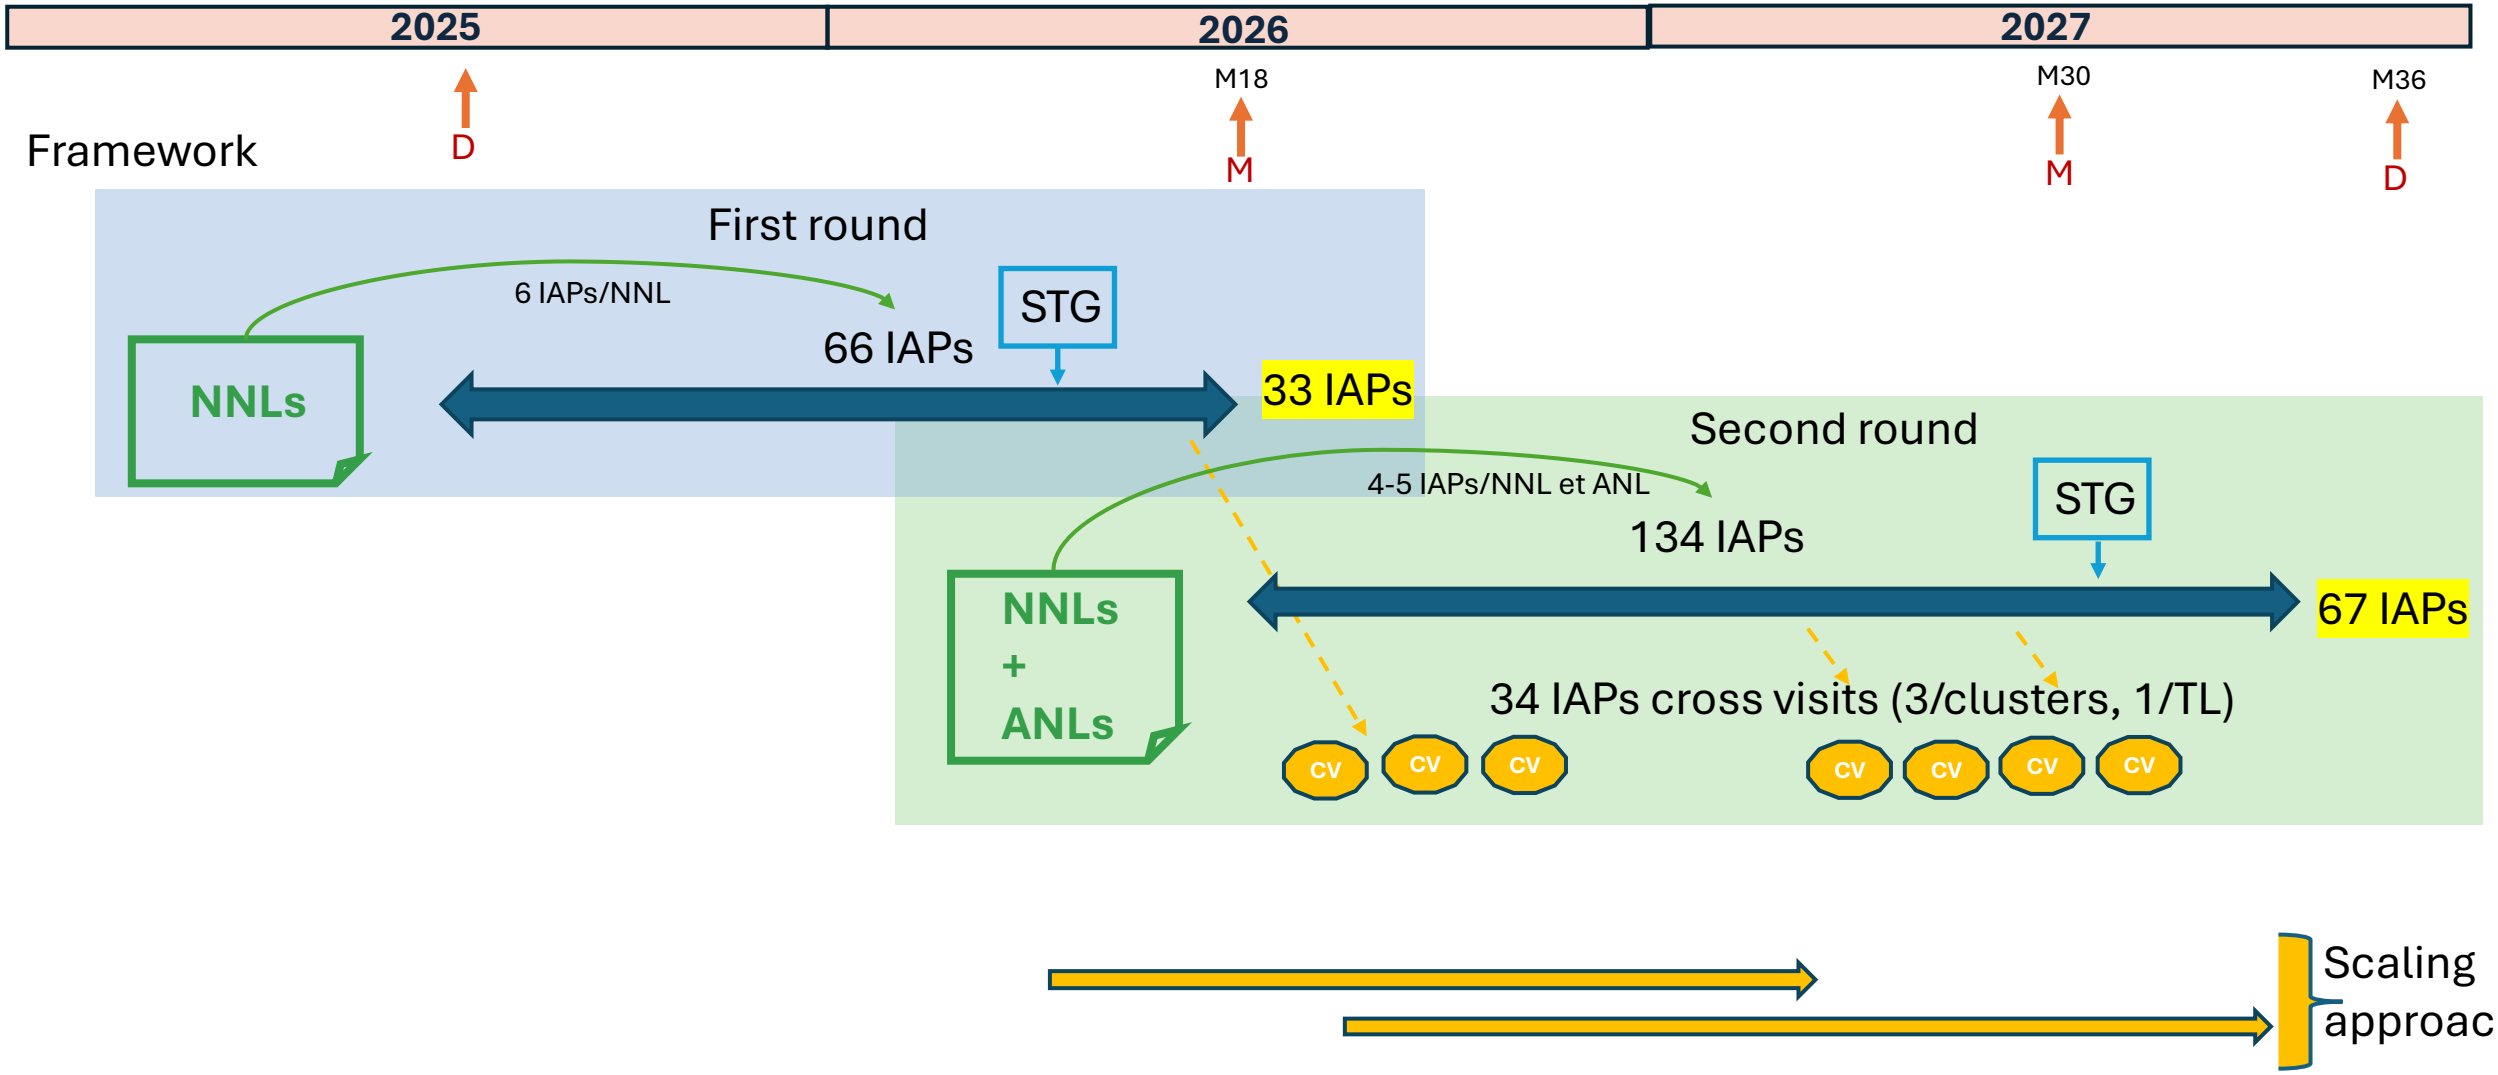

IAPs collection and selection

Project Workflow

IAP – Two rounds of IAPs collection and selection

Identity card

IAP: Declic Travail.
For peace of mind on the farm
Purpose: One health and welfare – Socio economic and resilience
Process: Coaching – Training
Method: Digital tool
Target: Farmers – Advisors – Teachers

Objective:
….
Approach:
…..

SWOT analysis

Benefits for the farmer:

better resource management, better work organization, better health

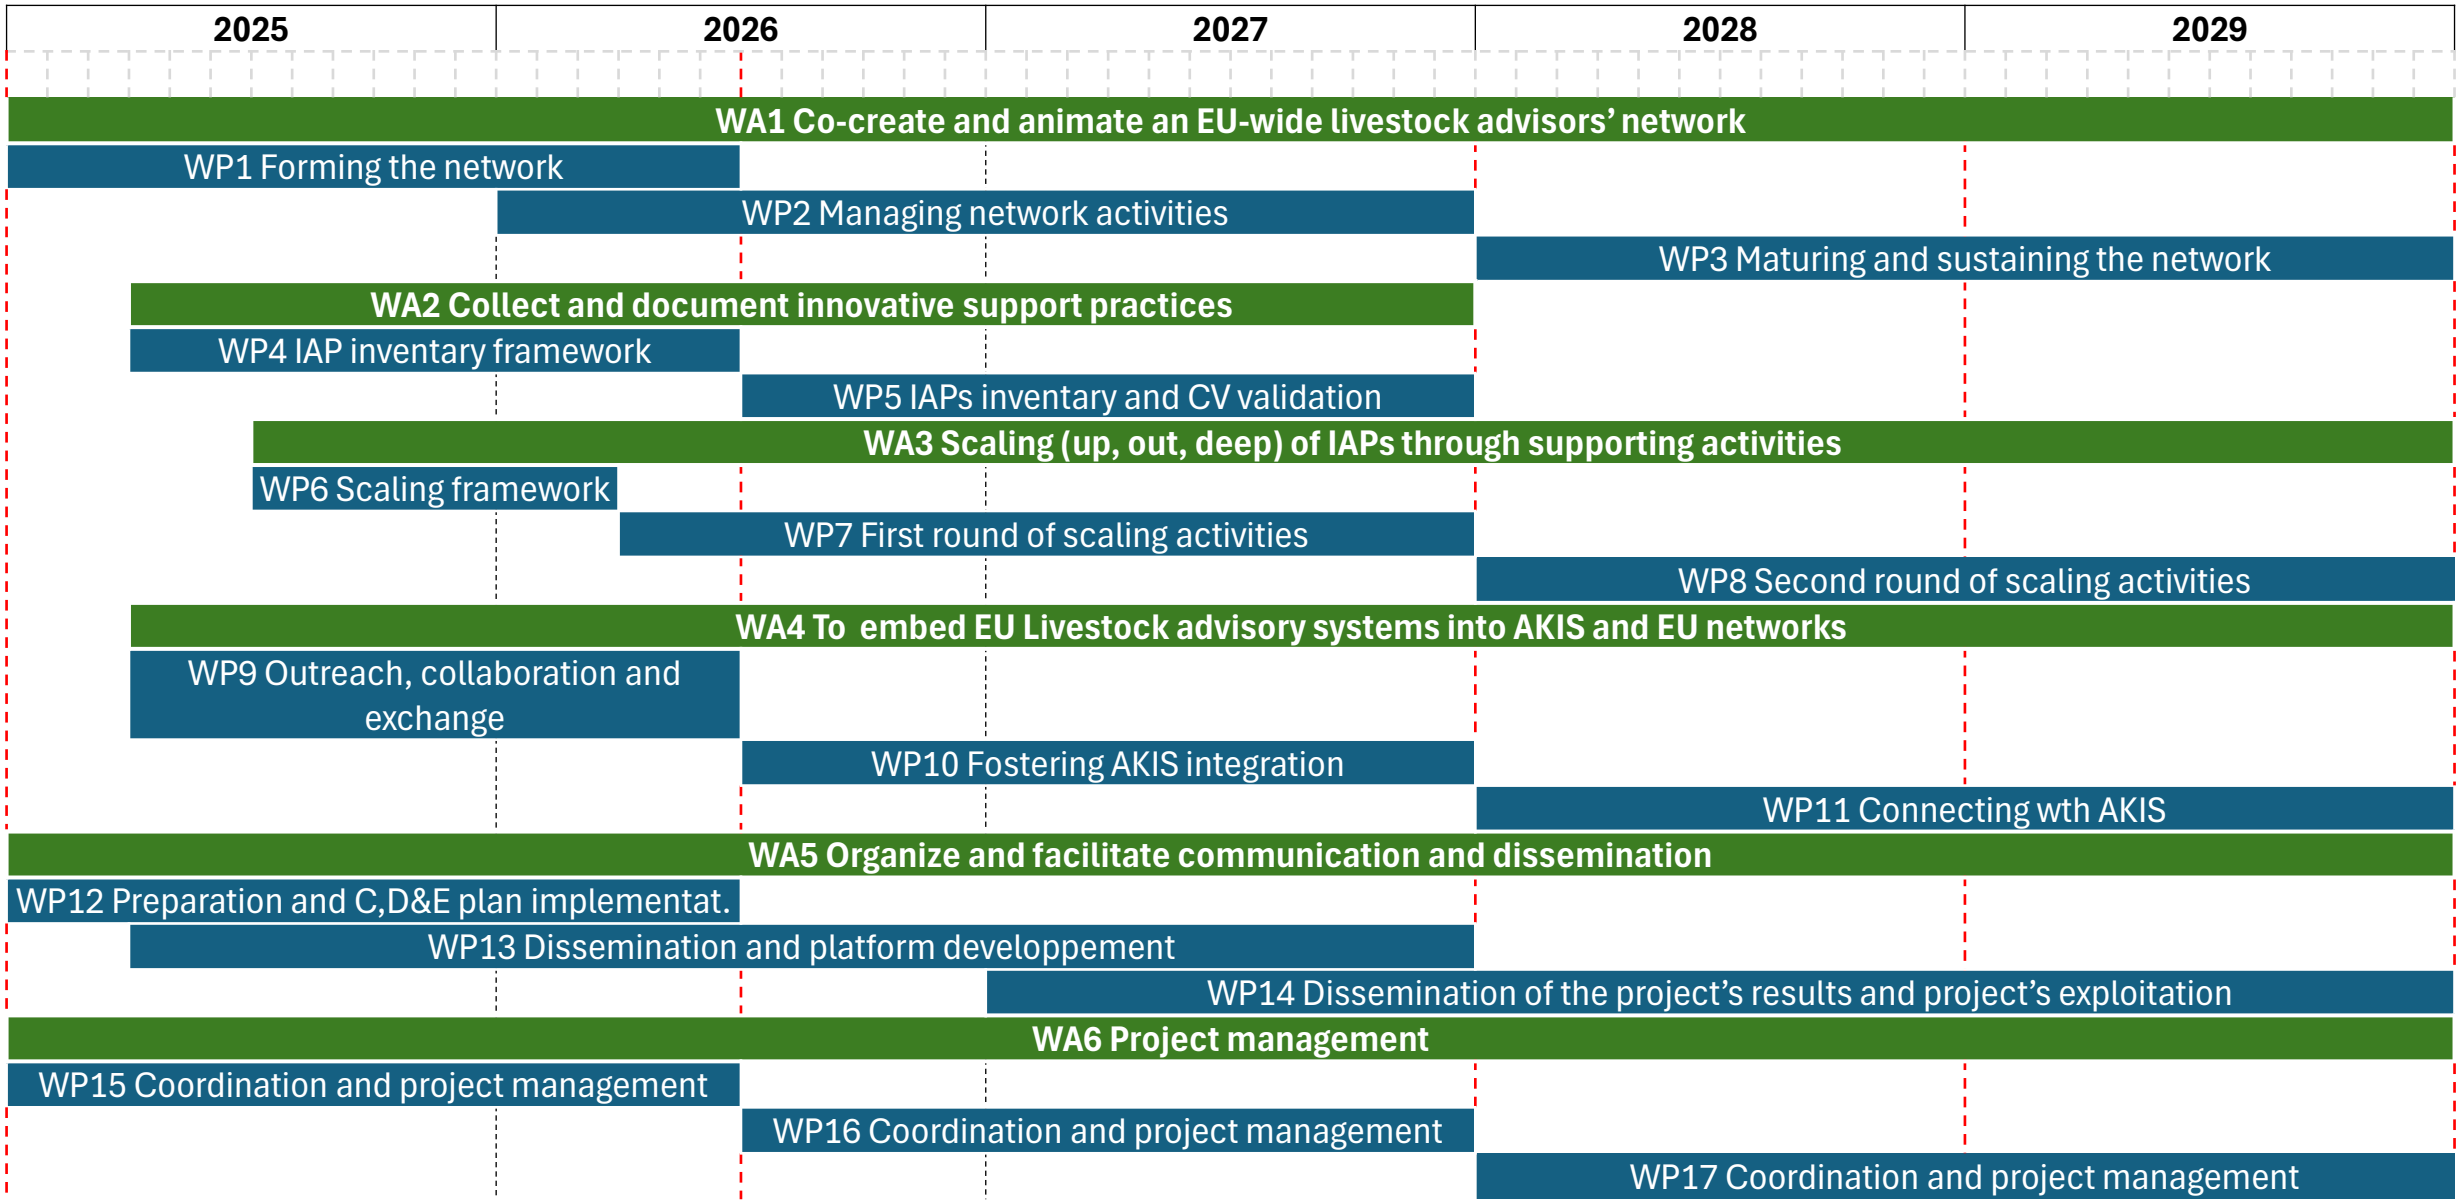

Strengths:

questioning your practice, fostering exchanges, discover test, user friendly, Learning from our failures, unlocking situations with the group, awareness, comparing opinion

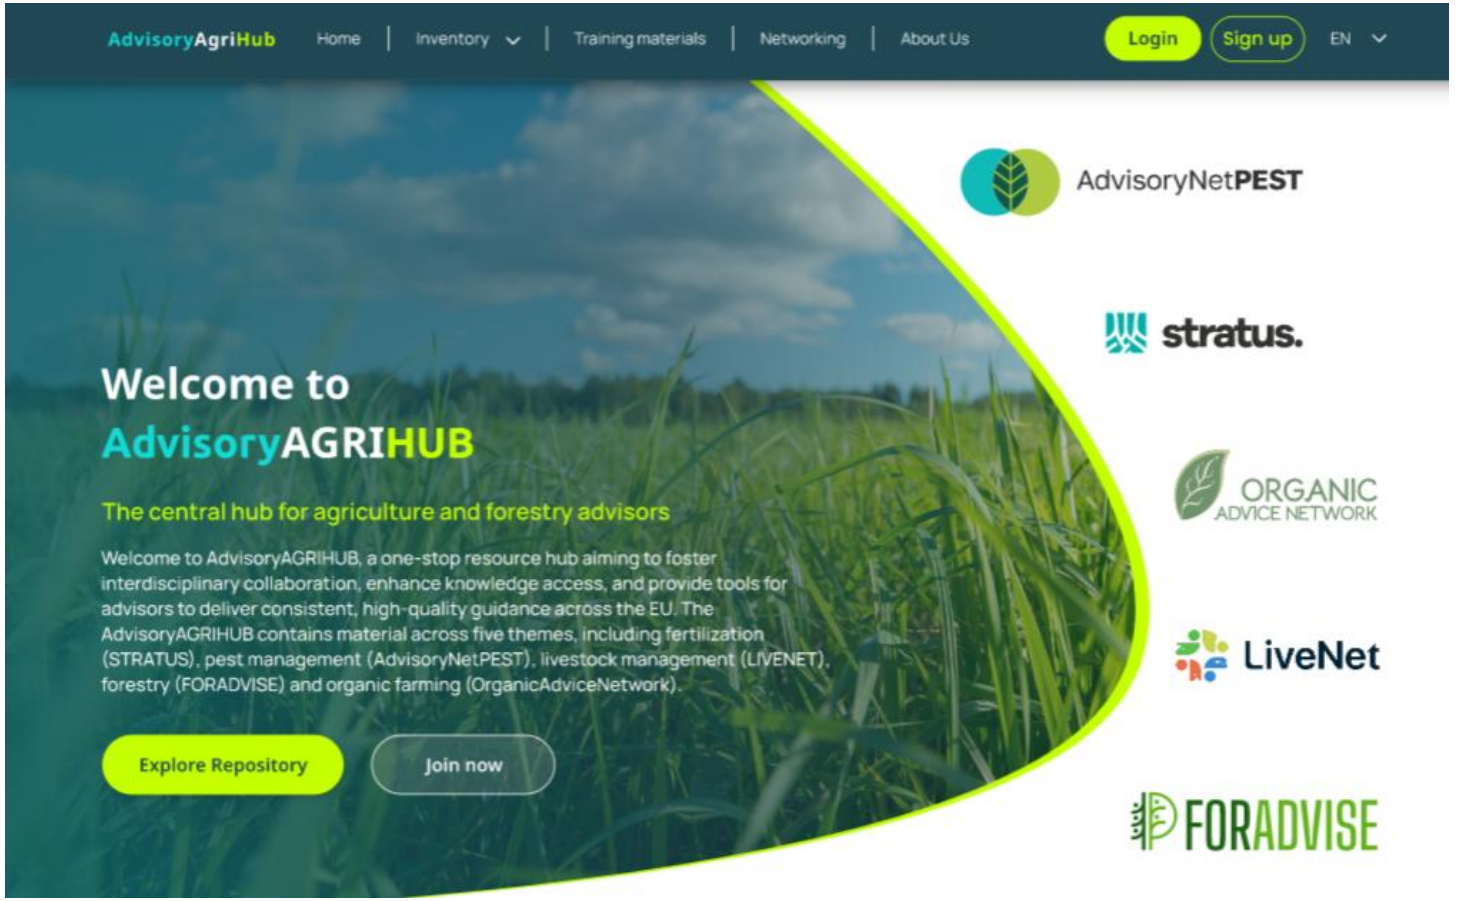

Weakness:

we don't have all solutions (farm context), analysis not in-depth enough, Required support

LiveNet project schedule

Advisory Network Platform

- **Bringing together advisors from five thematic networks.**
- **Facilitating cross-pollination of resources, expertise, and knowledge among networks.**
